HEMODYNAMIC MONITORING DEVICES

BRICSS TRENDS, ESTIMATES AND FORECASTS, 2012-2018

SEGMENTATION - By TYPE

- **CARDIAC OUTPUT MONITORING DEVICES (MINIMALLY INVASIVE AND NON-INVASIVE DEVICES)**
- **PULMONARY ARTERY CATHETERS (INVASIVE)**

HEMODYNAMIC MONITORING DEVICES - BRICSS

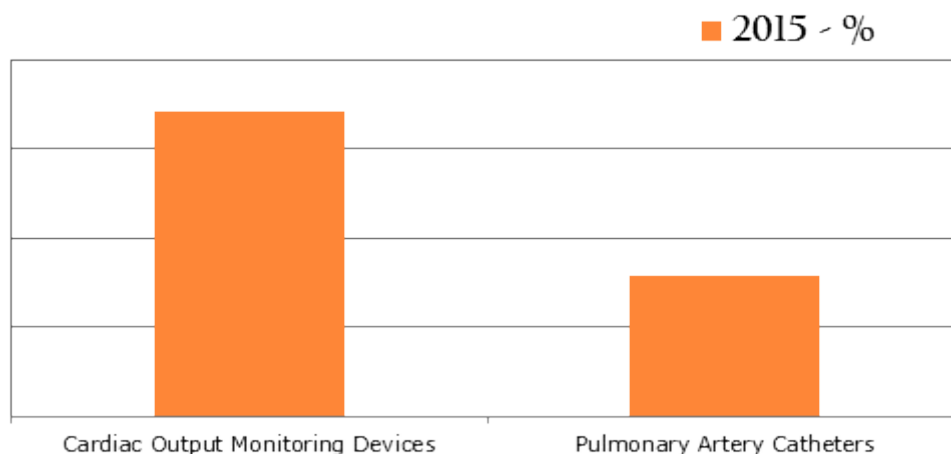

MARKET WATCH, 2012-2018

BRICSS Hemodynamic Monitoring Devices market value is expected to reach US\$281 million by 2016, primarily supported by the product types - Cardiac Output Monitoring Devices and Pulmonary Artery Catheters. China accounts for nearly 24% of the market share and India claims more than 24%. In terms of CAGR, India is the fastest growing region while China and South Korea are just behind. Among the product types, Cardiac Output Monitoring Devices market value indicates more than 60% by 2015 leaving the rest of the market to the Pulmonary Artery Catheters.

“Getting the Most from Our Research Analysis”

Healthcare Industry division has been witnessing a drastic change regarding the new innovation and technology which in terms are applied in improving from sector to sector since the past 3-5 years. Cardiovascular industry growth continues to increase with the presence of multiple technologies such as advanced material and software which is featured in most of the devices. International companies tends to innovate, develop new products and to enhance the existing features in cardiovascular devices.

REPORT FOCUS

The report ‘Hemodynamic Monitoring Devices - Emerging Markets (Brazil, Russia, India, China, South Africa And South Korea), 2012-2018’ reviews the latest trends in cardiovascular devices with a perceptive attempt to disclose the near-future growth prospects. An in-depth analysis on a geographic basis provides strategic business intelligence for healthcare sector investments. The study reveals profitable investment strategies for market start-ups, pharmaceutical/biotechnology companies, laboratories, Contract/Clinical/Commercial Research Organizations (CROs), government/academic organizations, consulting firms, database buyers and many more in preferred locations.

The report focuses on the current market trends, estimates and forecasts for the period 2012-2018. More than 727 market players are identified in cardiovascular devices industry out of which 122 key companies that project improved market activities in the near future are profiled. The report consists of 105 data charts describing the market shares, sales forecasts and growth prospects. Moreover, key strategic activities in the market including mergers/acquisitions, collaborations/partnerships, product launches/developments are discussed which gives a deep insight into the growth perspectives of the market.

“Learn High Potential Market Dynamics for Strategic Business Planning”

Estimates are based on online surveys using customized questionnaires by our research team. Besides information from government databases, company websites, press releases & published research reports are also used for estimates.
